Team expanD

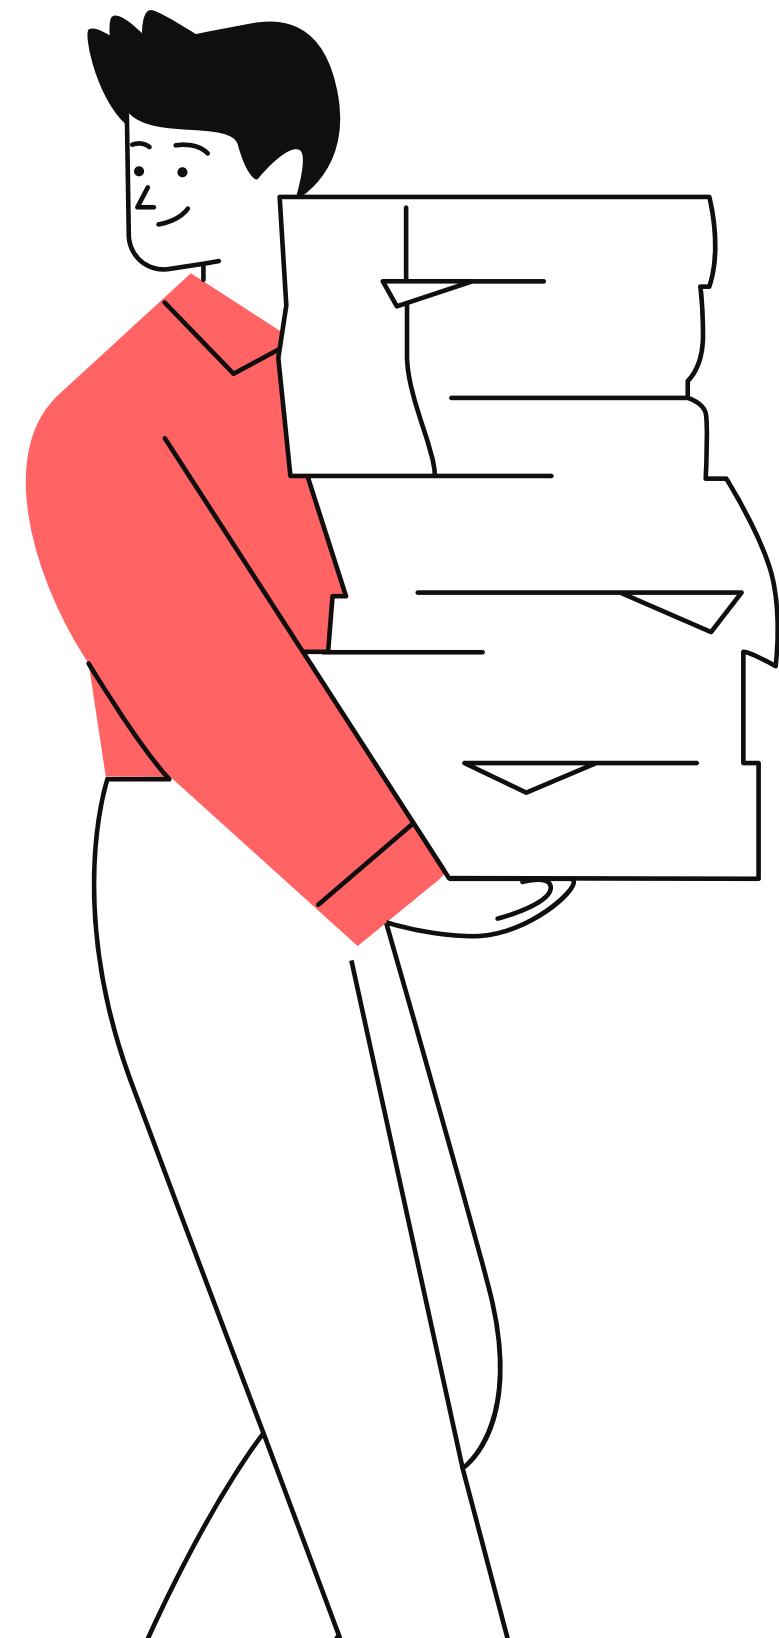

Expand your child's potential.
Give the power of future in their hands.

A handwritten signature in black ink that reads "Tewash Tisori". A thin horizontal line extends from the end of the signature towards the bottom left corner of the slide.

Founder of expanD

A handwritten signature in black ink that reads "Sushant Bishil".

CEO

Introduction

Sushant Bisht and Devansh Tiwari
have started this organization you
help students to get perfection in the
field of computing.

The goal of our session is to turn chaos
into clarity. As our role is to keep the
session on track and to ensure that
everyone is provided with the best quality
education in field they are interested in.

A screenshot of the expanD website homepage. The header features the expanD logo and navigation links for Home, Blogs, Our Team, and Contact Us. The main banner has a pink background with a black overlay containing the text "WE CAN CO THIS". Below the banner is a collage of various programming and technology-related icons. To the right of the banner is a large image of two children at a desk, one using a laptop and the other writing in a notebook. A cartoon character in a red jacket stands to the right, gesturing towards the children. A "Get Started" button is located in the bottom left corner of the banner area.

How expanD benefits learners ?

A computer science certification can verify your skills to employers, qualifying you for more advanced positions and increasing your earning potential. They can even help with job retention by making you more valuable to your current employer. Evaluating the best computer science certifications that are available can help you determine which are the best for your skills and career path
